

## Ask the Expert Webinar Series: What to do When the Union Ignores a Court Injunction

Yes, I Would Like to Attend

Date: Tuesday, February 26, 2019 | Time: 1:00pm - 2:00pm EST | Cost: FREE

### Webinar Outline

Recently, unions have changed their tactics during labour unrest situations, where court injunctions are sometimes being defied. Management needs to consider this during a strike. This webinar will explore recent examples, how you may be impacted and what key components you need to include when building a contingency plan.

### Topics Discussed

The webinar will be interactive; we encourage questions during the presentation. By the end of the webinar you will understand:

- Recent Examples of Unions Disobeying Court Injunctions – Compass Mineral, DJ Composites
- Changing Union Tactics – What Happens if the Union Defies a Court Injunction
- Contingency Planning – Additional Considerations
- Communication – What the Union Can do to Your Brand
- Safety and Security Concerns

### Webinar Speakers

**Jim Rovers**  
*Senior Vice President - Operations*

Jim Rovers has been actively involved in the investigations industry since 1989. He has assisted both insurance and corporate clients throughout Canada and the United States. Mr. Rovers is frequently asked to speak regarding social media and online investigations.

**Adam Reed**  
*Deployment Manager*

Adam Reed started working for AFIMAC in 2009 as an Injunction Investigator. In this role, Adam gained years of hands-on experience in dealing with various unions (CUPE, USW, and UNIFOR), and assisting law firms in gathering evidence required for court. He later got promoted as an Evidence Handler and Project Coordinator. Adam has now taken an operations position in the Milton office and oversees deployments within the Crisis and Disaster Response Division. Mr. Reed is an Honours Graduate from Sheridan College's – Public and Private Investigations program.

**Space is Limited.**
