## Webinar Outline

Managing a claim can be challenging - knowing what tools you have at your disposal can help. In this 1-hour webinar, we will discuss sample claims and the investigative processes involved including online social media and surveillance.

## Topics Discussed

The webinar will be interactive; we encourage questions during the presentation. By the end of the webinar you will understand:

- When and how social media investigations can be used
- The legal outlook on social media and online investigations
- Facts gathered during a social media investigation can aid in the surveillance process
- How to collect and store online evidence
- What lawyers are advising their clients to do regarding social media and online activity
