Webinar Outline

Workplace violence has increased in recent years and is being directed at all levels of employees. Threats can be both internal and external. Terminations can be particularly troubling when dealing with aggressive individuals. You need to have a good understanding of the types of threats, response options, and legal strategies. This webinar will assist you in building a response plan and strategy when faced with threats.

Topics Discussed

The webinar will be interactive; we encourage questions during the presentation. By the end of the webinar you will understand:

- Types of Threats and Trends
- What to Look for – Warning Signs
- Legal Strategies and Obligations
- Things to Consider – Respond Plan and Security Measures
- Law Enforcement Response
